# A Singapore-based Global Tire Company

Giti Tire has been in the tire business for more than 70 years and has become one of the world's largest tire manufacturers, serving customers in more than 130 countries.

**5** Research & Development (R&D) and Testing Centers  
4 R&D in Germany, USA, China, Indonesia, and 1 testing center in Indonesia

**5** Manufacturing Plants  
3 in China, 1 in Indonesia  
1 Newly opened in the US

**10** Offices  
Singapore, Indonesia, Malaysia, China, U.S., Canada, U.K., Germany, France and Dubai

More than  
**30,000** Employees  
Worldwide

More than  
**70,000** Points of Sale  
In more than 130 countries

# Why Choose Runway Tires?

Runway brand tires focus primarily on quality; providing comfortable, durable, and adaptable tires for drivers of all backgrounds.

## A Focus on Production and Quality Management

Runway's parent company (Giti Tire) sets the highest standard of quality procedures. A highly stringent quality control system and concern for the safety and quality demands in regions across the globe separates the brand from the competition.

## Top Class R&D Facilities & Personnel

A team of over 600 experienced R&D engineers in five cutting-edge facilities around the world and top quality equipment ensure the upmost quality of tire production and delivery.

## Awards and Recognition From the Best

The company has earned extensive recognition from highly credited organizations around the world, as well as some of the automotive industry's largest names. This includes top supplier awards from General Motors, Nissan, Walmart, and many others.

## Respect Around the World

Runway's tire products are trusted by all types of individuals, from the everyday driver to top motorsports performers. Through top performance and an extensive dealer network, the brand has a reputation for quality, performance, and safety.

## A Greater Mission

Giti Tire has an environmental and humanitarian drive that ties into all actions. The company focuses on multiple areas to properly educate people about driving etiquette, tire care, reducing energy consumption and pollution, as well as provide financial resources to help make the world a better place.

# A Strong Presence All Around the World

As a Singapore-based global tire company, one of Giti Tire's strengths is its international reach encompassing distribution, facilities, OEM fitments, and brand-driven motorsports.

This begins from Giti's 10 offices, 5 manufacturing plants in three countries, and tire sales in more than 130 countries around the world, and continues with Giti's highly diverse team-members, partners, and activities globally.

Just having a number of global offices is not enough. True international-connectivity is to have all aspects of the company working together, to best execute strategy, production, and sales on both global and local levels.

## International Accreditations

Giti Tire (UK) Ltd

R&D Center in Hanover, Germany  
Giti Tire Deutschland GmbH

R&D Center in Anhui, China

Giti Tire (France) SAS

R&D Center in Tangerang, Indonesia

PT Gajah Tunggal Tbk.,  
Indonesia

Giti Tire (Malaysia)  
Sdn. Bhd

# 3 Production Countries:

## 1 Truly Global Tire Company

When you put on a set of Runway Tires on your vehicle, you can be confident that your tires have been put through one of the most rigorous and comprehensive quality control systems in the industry.

Factories in Indonesia, China, and the a full new tire production facility in South Carolina of the United States

All plants have obtained ISO/TS16949:2002 accreditation (the highest standard of quality control) and ISO14001 Environmental Management System Accreditation

Five Giti facilities have an annual capacity of more than 110 million tires

Very strict quality controls and inspections at each stage of the production process to ensure that each component meets relevant specifications and standards

One of Giti's five manufacturing bases

A Giti Tire production line

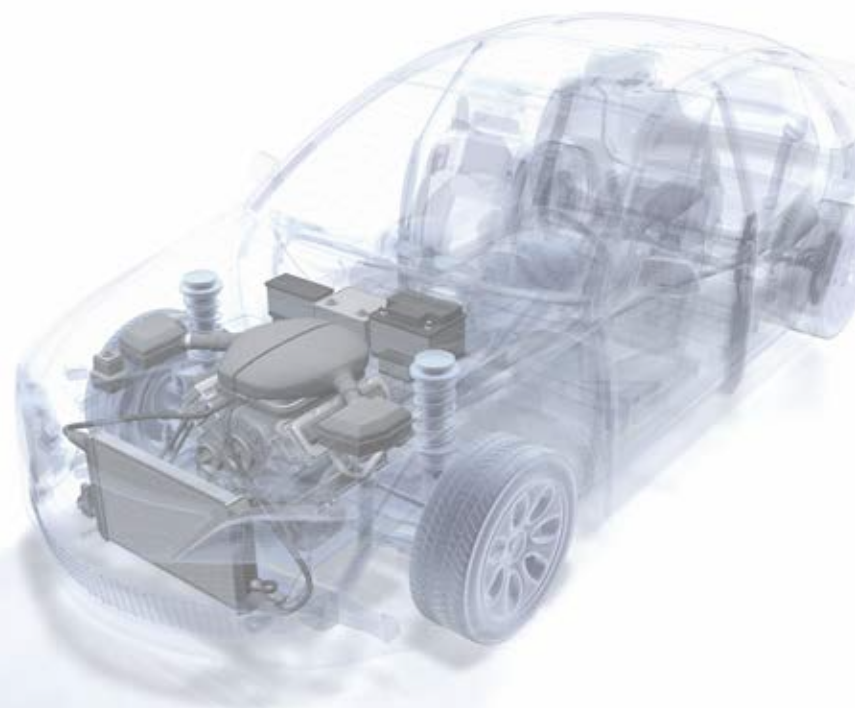

# Partnerships with Many Top Auto Manufacturers

Giti Tire has continued to strengthen its ambitions and relationships integral to developing its original equipment manufacturer (OEM) business. In conjunction with the company's strong developments in core areas such as technology, marketing, and quality management, Giti Tire has been awarded many contracts by existing and new OEM partners. This not only provides a steady demand from automotive producers themselves, but also increases demand and brand recognition in replacement markets.

In order to work more closely with our strategic partners, Giti Tire has employed dedicated OEM specialists in key markets around the world, and is continuously adding new partnerships and fittings.

Giti Tire continues to strengthen its organization and invest in new technology to meet the rising demands of OEM partners. Along with new product development and replacement sales, this will enable Giti Tire to continue to grow market share in coming years.

Supplying more than  
260 models worldwide

## ULTRA HIGH PERFORMANCE

## PERFORMANCE 926

Rim Range: 15 16 17 18 20

Aspect Ratio: 35 40 45 50

Speed Rating: V W

## FEATURES & BENEFITS

### Four Wide Longitudinal Grooves

Evacuate water efficiently for improved wet performance

### advanztech

**Silica Technology**

New Advanced Silica Compound for Wet and Dry Driving.

Excellent braking and handling performance in various conditions

### Central Rib Design

Improves high-speed stability

### Optimized, Noise-Reducing Variable Pitch Design

Create a quiet and comfortable ride

### Large Shoulder Blocks For Improved Cornering

Reduce tread movement and deliver agile driving response

## HANDLING & COMFORT

ENDURO UHP

Rim Range: 17 18 19

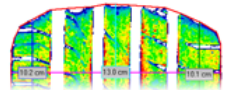

Aspect Ratio: 40 45 50

Speed Rating: V W Y

- An ultra-high performance tire for incredible handling and comfort

Features	Advantage	Benefits
 <p>Asymmetrical Pattern</p>	<p>▶ Steering pattern with minimal deformation &amp; strong outside rigidity for precise turning response</p>	<p><b>Exceptional Handling</b></p>
 <p>Tread compound formula inspired by auto-racing technology</p>	<p>▶ Active Hydrophilic Factor ensures and enhances grip during high-speed driving on wet ground</p>	
 <p>Full time dynamic grip design</p>	<p>▶ Excellent braking performance and providing excellent grip and long tread life</p>	
 <p>Multi-block silent pattern design</p>	<p>▶ Pattern blocks design effectively disperses noise</p>	<p><b>Comfort &amp; Silence</b></p>
 <p>3D silent pattern block design</p>	<p>▶ Pattern block chamfer allows for easier discharge of compressed air in the trench, reducing tire noise</p>	
 <p>Fine groove design</p>	<p>▶ Added steel sheets balance inner rigidity of the tire, reducing noise generated</p>

## INCREDIBLE HANDLING

# ENDURO HP

Rim Range: 13 14 15 16 17 18

Aspect Ratio: 50 55 60 65

Speed Rating: T H V W

## FEATURES & BENEFITS

### Four enlarged circumferential main grooves

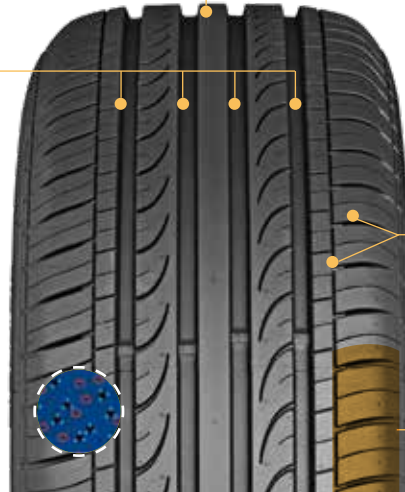

Enhanced water drainage improves wet handling and minimizes hydroplaning

**advanztech**

**Silica Technology**

Excellent grip in wet and dry conditions, delivers ecological performance by reduced rolling resistance

### Continuous center rib design

Guaranteed high-speed stability, improves the stability of steering response and handling

### Shoulder block with limited grooves and sipes

Reduced noise in driving and provides a more comfortable ride

### Wide shoulder part

Improves cornering stability

Speed Rating: H V

Features	Advantage	Benefits
 <p>Wide main groove with optimized groove wall design</p>	<p>➤ Larger chamfered pattern groove reduces risk of pattern cracks and extends tire lifespan</p>	Driving Safety
 <p>Double-layered tire cord structure</p>	<p>➤ Increased tread strength providing impact resistance and reduces risk of damage and bulges</p>	
 <p>High performance material formula with Silica</p>	<p>➤ Hydrophilic material enhances wet grip while reducing rolling resistance</p>	
 <p>Five-pitch pattern technology</p>	<p>➤ Optimized tire profile construction, improving driving comfort</p>	Comfort & Silence
 <p>PDT Noise Optimization Technology</p>	<p>➤ PDT technology-optimized variable pitch design reduces noise resonance</p>	
 <p>Innovative 3D cross-sectional groove design</p>	<p>➤ Reduces coasting noise by disrupting airflow when driving</p>

### Features

### Advantage

### Benefits

#### Optimized Construction

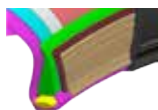

Reduced fuel consumption and extra driving comfort

#### Reinforced Belts and Full Nylon Protector

Provides high load capability and driving safety

#### Advanced Bead Design

Reduces heat build-up in high-load conditions and extends tire life

#### Vertical and Horizontal Open-Groove Arrangement

Excellent grip in wet and dry conditions
